

#2 Situation Disaster Assessment Report in Asht district, Sughd region Tajikistan (14 June 2011)

Assessment date: 12 - 13 June 2011

Assessment methodology: interviews with local authorities, population and direct observation, photo documentation

Reported by: REACT – Khujand, Sughd region

Team Composition:

CoES in Sughd region (Ismailov Ismail, Chairman),

CoES in Sughd region (Muzzayanov Hoji)

UNDP DRMP (Dmitriy Prudtskih),

WFP (Saidjon Jalolov)

ACTED (Nigina Sadikova)

YGPE (Ikrom Mamadov),

RCST (Fahrudin Karimov)

NGO Saodat (Ihtier Bobojanov)

Locations visited: villages Bobodarhon and Saro, Jamoat Pongaz, Asht district of Sughd region

Affected area: villages Bobodarhon and Saro, Jamoat Pongaz, Asht district of Sughd region

A. Event Overview

As a result of heavy rains, on June 11, 2011 mudflow occurred in the villages Bobodarhon and Saro, Jamoat Pongaz, Asht district, Sughd region. Following CoES and Sughd authorities request, REACT- Khujand assessment team visited disaster site on 12 -13 June and jointly with local authorities conducted primary Damage and Needs assessment.

According to the assessment, 150 families (800 people) were identified as effected population. Mudflow damaged 35 houses (of which 23 totally destroyed).

Mudflow damaged 11 km of local roads and 80 meters irrigation channels in these villages. Also 500 meters electricity supply lines were damaged and currently electricity supply lines are restored and electricity is available in the villages. Mudflow destroyed crops on 12,4 ha of kitchen gardens (potatoes, fruit trees and e.g.).

B. Damage Information:

#	Description	Quantity	Unit	Comments
1	Totally destroyed	23	house	In total 800 effected people
2	Partially damaged	12	house	
3	Local roads	11	km	
4	Irrigation Water supply lines (300 mm)	500	m	
5	Electricity lines	500	meters	Electricity is available in the village
6	Gardens	12,4	ha	Kitchen gardens

C. Needs

According to the assessment, 800 people / 150 families need urgent assistance for food and basic non food items, like mattresses, blankets and e.g. also water cans and hygienic kits if planned to be provided.

It is worth to highlight that the most kitchen gardens of Bobodarhon and Saro villages were identified as affected and their population barely meet basic needs. These families should be provided with food assistance.

It is important to underline, that the mud flow channel is full at the moment and cleaning up activities (mitigation work) should be done with involving local population, authorities and technical support (fuel, car oil, diesel - around 10 tons) as soon as possible.

500 meters of irrigation system should be restored as soon as possible, as people in the village have lack access to the pure water.

D. Assistance provided

So far, response from Sughd region Authorities (Khukumat) provided:

- 500 somoni for each 35 effected families
- 50 kg flour, 5 kg oil, 5 sugar, for each 35 effected families
- Mattresses, kitchen kits, electric kettle, kitchen stoves and e.g. for each 35 effected families
- 3 tons fuel for cleaning up the roads

E. Assistance to be provided:

Red Crescent Society of Tajikistan, Sughd region:

- For 33 affected families is planned to provide through DREF (Disaster Risk Emergency Fund) tents, mattresses, blankets, pillows, bed sheets, hygienic kits, kitchen kits, water cans (20 liters), summer tents, shovels, buckets, Flash-lights and Soaps

UN WFP: (for 3 month food items)

- For 150 effected families food items (flour, oil, salt,)

ACTED:

- Mitigation activities for 3000 euro

Mercy Corps:

- 40 water cans (20 liters)

F. Contact Persons:
